NUMBER 129

51 GRADUATE TONIGHT

Placerville Grammar School Exercises Will Be Held In New Gymnasium Room

Closing exercises of Placerville Grammar School, honoring 51 candidates for graduation, will be held at eight o'clock tonight in the new gymnasium unit of the school building.

Special permission to use the building, since it has not been accepted by the school board from the contractor, has been granted by the contractor with the consent of the PWA.

The building is not yet complete, but is nearly enough so that the exercises may be conveniently conducted. Patrons and parents of the school will have to forego inspection of the new building, since it has not yet been accepted by the school board.

School officials point out that automobile parking room will be available on the baseball field at the top of the school hill, and on Union Streets and Coloma Streets.

The exercises will begin at eight o'clock and the program will include numbers by the advanced and intermediate orchestras, directed by Miss Laura Ball; presentation of attendance awards to fifty-two pupils who have

(Continued on page 4)

Embezzler Goes To Folsom

Sacramento County Treasurer Deputy Gets 1 To 10 Year Term In \$4,800 Theft

SACRAMENTO, (UP)—A penalty of one to ten years in Folsom Prison today faced Lawrence Hjalmar Hughes, 35-year-old Sacramento county deputy county treasurer, for embezzlement of \$4,800 in county funds. His sentence started today.

Hughes refused counsel, waived his constitutional rights and asked for immediate sentence from Judge Dal M. Lemmon. Hughes was indicted yesterday at a secret session of the grand jury after his repudiations were discovered Wednesday.

In prison, he will meet Ed. T. Ryan, former Sacramento county tax collector, serving a term for taking county funds.

COON HOLLOW EXERCISES HONOR SEVEN; FOREST AIDE SPEAKER

Closing exercises of the Coon Hollow school were held on Thursday evening at the school building and certificates of graduation were presented to seven pupils, representing one-third of the school's total attendance.

In addition to a program of songs and recitations by the pupils and the members of the graduating class, a talk by Arnold N. Weber, assistant forester on Eldorado Forest.

Addressing the graduates particularly, Mr. Weber spoke of "horizons" and pointed out to the class that they have achieved the top of one hill and see before them a broader horizon on which there is a mountain, "El Dorado County High School."

He assured them that if they are able to scale that mountain, they will view from the summit a still broader horizon on which they may have a choice of two routes, one leading across the plain of "Work" and the other leading up another mountain, "College," from the peak of which they will look out upon the world.

"Scoop" First To File In Placer County

COLFAX—Allen G. (Scoop) Thurman, candidate for assemblyman from the sixth district was the first candidate to file with the clerk of Placer County on Wednesday, the first day for circulating and filing of sponsors papers. Thurman filed for the Republican nomination with clerk Arthur S. Fleming, Wednesday morning. Seeking both party nominations, Thurman also filed the following day for the Democratic nomination.

Alex MacLaughlin was removed the fore part of the week to San Francisco seeking to improve his health. We learn that preparations are being made to operate upon Mr. MacLaughlin on Saturday.

POET'S SON HELD—Capt. Ugo V. d'Annunzio, son of the Italian poet, questioned by police at Farmingdale, L. I., after his runaway plane had crashed into a car, injuring Mrs. Susie H. Jones. He was held for assault.

FLORIDA KEYS YIELD KIDNAP "TIP"

Search For Kidnapers Most Intensive Since Hauptmann Hunt Was Launched

PRINCETON, Fla., (UP)—Federal agents went to a rock pit at Tanier near the Florida Keys today to investigate a report that important evidence had been uncovered in the search for kidnaped Jimmy Cash.

The Federal Bureau of Investigation flew manpower to Florida to make the search for James Bailey Cash Jr., and the men who kidnaped him the most intensive drive for a kidnaper since the capture of Bruno Richard Hauptmann.

A commercial airliner landed at Miami shortly before 7 a. m. and discharged 14 men. Refusing to answer any questions, the men went directly to the 13th floor suite in downtown Miami where J. Edgar Hoover, chief of the FBI, personally was directing the search for the men who abducted the five-year-old boy.

Neither Hoover nor his aides would hint how many G-men now are working on the case. But it appeared that the federal agents, determined to break the seventh child kidnapping since 1932, were massed in far greater force than in any other recent campaign.

L. A. Banker, Wife, Hurt In German Wreck

BERLIN, (UP)—P. Lundel, banker, 1711 8th Ave., Los Angeles, Calif., and his wife were injured seriously today when their automobile skidded on the highway between Berlin and Hamburg, near Karstadt, and crashed into a tree.

Sacramento Grand Jury Inquiry Receded

SACRAMENTO, (UP)—The county grand jury today recessed its inquiry into charges of corruption in the California legislature and district attorney Otis D. Babcock said his plans were undecided regarding future developments. When the investigation is resumed next Thursday, he said, he may turn again to the subject of sardine legislation or present "an entirely new matter."

Japs Name New General To Push China War

TOKYO, (UP)—Lieut. Gen. Seishiro Itagaki, regarded by many as the best field commander in the army, was today named war minister with a mandate to bring the Chinese war to a quick end.

It was understood that Itagaki had been given supreme authority over the conduct of army operations in China and that his first major order would be for a merciless steam roller drive on Hankow, emergency capital of the Chinese government.

Farm Labor Migration Is Discouraged

SACRAMENTO, (UP)—Migration of transitory farm workers was discouraged today by Frank F. Connors, clearance officer of the California employment service.

He especially advised against migratory workers moving into the apricot harvest area near Brentwood, in Contra Costa county. Only 25 per cent of the crop is expected this year, requiring 2,000 workers where 7,500 were employed last year.

Walking downtown this morning we met the City Marshal, of whom we inquired again concerning the disposition of the case of some small boys who had been found breaking windows at the high school. And he told us about the case and something recalled to us the phrase "malefactors of great wealth" and we smiled as we thought how far removed from that classification are the small boys breaking windows at the high school and fell to wondering about which of the evils it is more important to correct—and looking back through the recent years found it difficult to decide the question.

We learn that Mr. and Mrs. W. G. Dathe, Mr. and Mrs. W. G. Herren and son, Joseph; Charles Bjorseth, Miss Nellie McGoldrick and Fred Quade, all of San Francisco, were recent visitors with Mr. and Mrs. E. R. Dathe, at Newton.

Nomination papers for Arthur J. Koletke, county clerk, for re-election, were issued Thursday. Mr. Koletke named Don Goodrich as his verification deputy.

Mrs. Ednah Kyburz was in town from Kyburz resort Friday afternoon and she reports that on Wednesday evening of this week, the south fork of the American River at Kyburz was the highest it has ever been known to be in a Spring run-off. There was no damage reported, since all structures or improvements that the water might reach at that level were damaged, more or less extensively, during the winter storms.

Mrs. Ralph Kyburz moved to Kyburz station for the summer.

William S. Price, from the regional forest office of timber management, was an arrival Friday to spend several days on Eldorado Forest.

District Attorney Henry S. Lyon and Deputy Robert E. Roberts left Friday morning for Del Monte to attend the annual district attorneys' meeting.

Sheriff George M. Smith left Friday morning for San Quentin prison to deliver to the warden there Garland Evans and Ed Willis, recently sentenced to indeterminate terms following their pleas of guilty to an attempt at burglary in the first degree.

U. S. To Study British Labor Laws

WASHINGTON, (UP)—President Roosevelt said today that a group of seven or eight Americans could conduct a study of British labor legislation this summer. He declared the inquiry had no relation to possible amendments to the National Labor Relations act.

26 Amphibians Ordered By War Department

WASHINGTON, (UP)—The war department today contracted for the purchase of 26 short range amphibian planes from the Gruman Air craft Engineering Corporation of Bethpage, Long Island, for a total of \$1,412,916. The planes will be assigned to the various air corps stations on the coasts, and in insular possessions where over water flying is required. They will be used primarily as rescue craft, the war department said.

NEGRO ADMITS KILLING FIVE

3 Chicago Slayings, 2 More In Los Angeles, Confessed; All Were Beaten, Attacked

CHICAGO, (UP)—Robert Nixon, 18-year-old negro, who first came under police scrutiny in Louisiana when he was six, sat hunched over a desk in police headquarters early today and calmly dictated a confession of crimes, which included the slaying of at least four women and a girl during the past two years.

As he spoke, he corroborated his statements by sketching with an expert hand the floor plans of his victims' homes. He has beaten to death three women in Chicago and a woman and her daughter in Los Angeles.

"I can't think of any others," he said.

His victims were Mrs. Florence Thompson Castle, attacked and slain in her Chicago hotel, June 28, 1936; Anna Kitcha, 18-year-old student nurse, attacked and slain at the Chicago Hospital, Aug. 21, 1937; Mrs. Edna Worden and her 12-year-old daughter, Marguerite, stripped and slain in their Los Angeles home, Aug. 14, 1937; and Mrs. Florence Johnson, 35, mother of two children, bludgeoned in her bed May 27, 1938.

In each case the victim's skull was crushed with a brick.

Nixon came to Chicago from Tululan in 1933. He fled to Glendale, 20 miles north of Los Angeles, a year ago after the Castle slaying. He worked in a CCC camp there, he said, carrying on his marauding raids from the camp.

Chapman Fills Major Berth

Connie Mack Reveals He Paid Big Sum For Bear Athlete At Ty Cobb's Recommendation

PHILADELPHIA, (UP)—Connie Mack of the Philadelphia Athletics today predicted a brilliant baseball future for Sam Chapman, former University of California athlete.

Chapman has not been too sure in the field, according to Mack, but he is hitting close to .300 and his hits have been timely ones.

"He has great possibilities," Mack said. "He's fast to start with and that's important. He also has size and power and hits a long, hard ball that goes out where the fences are, which also is important."

Mack said his incentive for going "up there" to purchase the college star was a recommendation by Ty Cobb. By "up there" he meant paying a high price for the unproven youth.

Summit Farm Center Starts New Year

An attendance of approximately forty at the Summit Farm Center meeting Thursday night saw L. A. Bender begin his second consecutive term as chairman of the center.

Farm Advisor Lilley spoke on business management in farming and showed several reels of motion pictures.

There was general discussion during the meeting of the various activities in which the Farm Bureau is engaged and the attention of members was directed to the meeting at Camino Tuesday, June 7, at which State President Ray Wiser will be a visitor; and to plan for the annual overnight camp at Lake Tahoe, June 18 and 19.

3 Relays Of Planes Bomb Canton

CANTON, China, (UP)—By telephone to Hong Kong—Japanese airplanes today bombed Canton in relays.

Three groups of planes, each numbering four planes, raided the city at 2:45 p. m. The first bombs fell on open ground without doing damage. On a second relay-bombing, bombs dropped in the river and killed a number of people who dwelt in river sampans. Then eight planes flew over the foreign quarter toward the Canton-Kongkong railroad, which the planes were reported to be bombing as this dispatch was telephoned at 3:30 p. m.

John Selleck was a county seat caller from Camino Friday morning.

Fiddletown Pair Wed Sixty Years

Mr. and Mrs. William Brown celebrated their 60th wedding anniversary Friday at their home near Fiddletown. Brown was postmaster for 25 years and county surveyor 14 years. He was born in St. Louis, Mo., and came to California in 1853 with his parents.

Mrs. Brown is a native of California, born and reared in Grizzly Flat, where they were married in 1878. He is 88 and his wife 78.

The couple have five children, all living. They are Albert Brown of Oakland, Mrs. Dora Olmsted and Mrs. Cora Sackett of Sacramento, Mrs. Jessie Hornberger of El Dorado county and W. E. Brown of Seattle, Wash.

MRS. MARY BAYLES ANSWERS CALL

Last Rites Monday At North Sacramento; Interment Will Be at Union Cemetery

Mrs. Mary Ford Bayles, 79, a former county resident who for the past eighteen years had resided at North Sacramento, passed away early Friday morning at a Sacramento hospital.

The funeral services will be held from the North Sacramento Community Church at ten o'clock Monday morning and the body will be brought to Placerville for interment in the family plot at Union Cemetery. Grave-side services will be held and it is expected they will take place about one o'clock.

Mrs. Bayles was found unconscious on the floor of her home at North Sacramento Tuesday afternoon, the apparent victim of a stroke suffered shortly after she had arisen that morning, not having regained consciousness.

A native of the old mining town of Bath, Placer County, Mrs. Bayles was a first cousin of Henry Ford, the Detroit motor car manufacturer, who was named after her own father.

She came to El Dorado County in 1882 at which time her husband, Jesse Bayles, was superintendent on the ditch for the old El Dorado Water and Deep Gravel Mining Company.

Ten years after the couple purchased a ranch in the Five-Mile district, now known as the Dart ranch, and following Mr. Bayles' death about forty years ago, Mrs. Bayles made her home there until about 1920 when she removed to North Sacramento.

She had visited Placerville numerous times since moving away and maintained her many friendships in the county.

Mrs. Bayles was the mother of Carlton Bayles, Fruit Ridge rancher, and of Rex Bayles, of Oakland, and of the late Alice Bayles and the late Vern Bayles.

Trojans Favorites In IC4A Track Meet

NEW YORK, (UP)—Southern California was a decided favorite today as athletes from 31 colleges began battling for 15 individual championships and the prize team title in the 62nd annual I. C. 4-A track and field tournaments at Randall's Island stadium.

The Trojans were appearing in the meet for the first time since 1935 when they won the team title handily with 51 points. In 1936, Cornell took the crown and last year it was Pittsburgh.

Hunt 3 Missing As 10 Die In Mine Blast

PITTSBURGH, Pa., (UP)—Three bodies were missing today a mile underground in the Valpe Anthracite Colliery where an explosion of coal gas killed 10 miners yesterday.

Emergency crews, endangered by the black damp, aftermath of explosions, were searching the slopes of the mine for the missing three, with no hope that any of them was still alive.

Of the 13 men in the mine at the time of the explosion, two were brought out so badly burned that they may die.

Glen D. Stevens has accepted a position as salesman with the Floyd Hart International Truck Agency of Sacramento, which duty will cause him to spend most of his time in the capital city. Plans are to return to his home here each week-end.

"FLYING LAB" AT HONOLULU

Huge Craft Flies 2,267 Miles At 7,000 Feet In 18 Hours An 7 Minutes

HONOLULU, (UP)—Richard Archbold and his fellow explorers arrived here today in their 14 ton airboat to complete the first lap of an unprecedented 6284 mile trans-Pacific flight from San Diego to Dutch New Guinea.

The giant twin motored plane, largest in private ownership, and outfitted as a flying laboratory at a cost of \$250,000, thundered to a graceful landing at Pearl Harbor at 5:50 a. m. PST.

It took off from San Diego at 2:44 p. m. yesterday enroute for Hollandia, Dutch Guiana, where Archbold and his companions will spend two years exploring a virgin tropical wilderness for the American Museum of Natural History.

The distance from San Diego to Honolulu is 2267 miles.

Archbold said the average speed from San Diego was 130 knots. The flight was made at 7000 feet altitude. The plane consumed 1300 gallons of gasoline.

Elapsed time was 18 hours and seven minutes—or approximately what Archbold had expected.

5 Found Guilty In Mine Riot

Judge Raglan Tuttle Will Rule On Probations For Probation Next Thursday

NEVADA CITY, (UP)—Probation officer A. W. McGavin of Nevada county today studied applications for probation filed by five CIO mining pickets who were found guilty of rioting by a jury late yesterday.

McGavin will report to Judge Raglan Tuttle next Thursday. Defense attorney George Anderson said a denial of probation will result in his filing an appeal to the appellate court in Sacramento.

A jury of five women and seven men from rural areas of the county took only 55 minutes to return a guilty verdict. Defendants were C. E. Circle, Roy Staton, Henry Yuen, Pete Zderich and James Vassion. They were charged with causing a riot last January 20 when officers tried to clear mine pickets from a road to the Murchie mine.

The miners are at liberty on \$2,500 bail. The maximum penalty is one year in the county jail, a fine of \$2,000, or both.

BRITISH HOLD EDGE IN BIENNIAL WALKER CUP TOURNEY

ST. ANDREWS, Scotland, (UP)—Britain's Walker Cup golf team, which had been regarded as a pushover, forged into a 2-1 lead today in the biennial series with the United States.

Britain won two of the Scotch four-somes, the U. S. won one, and one was halved.

The series will be concluded tomorrow when eight singles matches will be played. Despite the fact that the United States was trailing tonight the invaders were still favored to retain the cup which has never been won by Britain. This is the tenth series.

Negro Executed While Humming Hymn

COVINGTON, Ky., (UP)—Softly humming "Steal Away to Jesus" as the trap was sprung, Harold Van Venison, 36 year old Negro convicted of rape, died on the gallows in the Covington city hall courtyard at sunrise today. Venison, who turned to religion after he had been sentenced to die for criminal assault upon a white woman, walked firmly and smilingly to the gallows, singing and praying with a Negro clergyman and two Salvation Army officers.

Husband Goes To CCC, She Gets Divorce

SALEM, Mass., (UP)—A telephone operator's testimony that her husband preferred a CCC camp to their home won her a divorce on the ground of desertion.

Mrs. Edith H. Morin of Lynn said that her husband deserted her for the camp in June, 1934, and refused to return to her or answer her letters.

SWARMING

BRITISH GAME OF DARTS MAY PROVE NATIONAL DEFENSE AIDE

LONDON, (UP)—With the millions of dart players of Great Britain in mind, Maurice Darling, former army officer, has invented something new in hand grenades—the dart bomb.

Darling says that he has submitted to the War Office a tiny hand grenade in the form of a dart, but filled with high explosives.

"The dart bomb should revolutionize

close warfare," he said. "On a big scale they could be made at a cost of only fourpence each.

"When an enemy soldier is about 30 or 40 feet away, man with good aim, such as the many dart players of this country, could draw the pin and throw the explosive dart. As soon as the point makes contact it will set off the explosive."

The 28,000 spectators in Madison Square Garden's Long Island bowl saw Ross whipped from the third round on; he was helpless, his body and head were blood-soaked. But at the end of the 15th round, he still was on his feet, a better man. I have no alibis."

BOARDING CLUB BOASTS CHAPTERS LIKE FRATERNITY

IOWA CITY, Ia., (UP)—There is no initiation, no jeweled pin, no house mothers and no Greek letters attached to the newest fraternity on the University of Iowa campus.

What holds the members together is food.

To scoffers who insist the chapter should be dubbed Eta Beta Pie, members pointed out that their purpose is a vital and sober one—eating.

Originated by Lewis Scott, graduate of Graceland College, the boarding fraternity boasts 75 members.

In addition, there are two other chapters at Iowa state college, Ames, with a combined membership of some 225.

MEDINA, N. Y., (UP)—A dog and an automobile collided in West Center street, and an automobile came out second best. The dog was only shaken up, while the car was repaired for a broken grill, punctured radiator, dented fender and broken headlamp.

Deed, Hulda C. Oberg, a widow to George Davenport Jr., and Ethel May Davenport, his wife, as joint tenants.

NATIONAL GUARD NEWS

AUBURN—The usual Memorial Day Parade was dispensed with this year but the outfit furnished a firing squad for the short services held at the Cemetery here in Auburn and the one in Newcastle.

We have been asked to parade in the Annual Gold Rush Revival Parade held here on Sunday, June 5. We had hoped to have the whole Battalion here to participate but due to circumstances it was impossible to do so.

Drill now is devoted wholly to preparation for the forthcoming camp period. As this camp is to be a parade camp, we have been concentrating on close order drill. It probably seems monotonous at times to the men to have the same thing every night but we try to break it up in order to relieve the monotony.

Major Bigelow, of the Regimental Instructors Office, paid us a visit Tuesday night. He is one of the Regular Army instructors attached to this Regiment for training purposes. He seems fairly well satisfied with the progress the outfit is making but of course in the Army no one can ever be absolutely perfect. That is something that you always have to strive for but never can reach.

At the Range last Sunday two new men were high: Fred Emerson of Auburn, and Ivan McElroy of Roseville. The rest of the men that fired did remarkably well considering the lack of preparation. Naturally we are very much interested in encouraging proficiency in the use of the rifle and hope to develop some of our men into crack rifle shots in order to be able to challenge other rifle outfits.

Fire Notice

Residents of Placerville who have weeds or other refuse which they plan to destroy by burning are advised that no fires will be permitted after Friday, June 10, except by permit.

The dry season is near at hand and no burning will be allowed after June 10, except by permit.

By order of MARK TETRAULT, Fire Chief

OMO RANCH

Mr. and Mrs. Whitney Pitols of Sacramento called at the home of J. C. O'Neill Thursday. Mrs. Pitols owns and operates the Alice White Barber Shop and Beauty Parlor in Sacramento. Mr. Pitols is employed at the post office there.

Mrs. Mable Cole went to Placerville Friday evening to remain over the Memorial Day week-end with her daughter, Mrs. Omer McGee.

Mr. and Mrs. John LaPorte and J. Patterson, of Sacramento, occupied the Ray Laniger cabin over the week-end.

R. O. Fancher and son, Cliff, came up from Rio Vista for the opening of the fishing season up here. Mrs. Fancher, who has recently had two strokes, is with her sister in Oakland.

Bert Saxon, of Sacramento, was a week-end guest of Mr. and Mrs. Black. Ed Hardy and J. C. O'Neill were in Placerville Thursday on business. Mr. Hardy is helping Mr. O'Neill construct a road across his ranch.

Ray Laniger and family are up from Sacramento for a few days fishing. Of course, the biggest fish will get away.

Virgil Reynolds brought his wife and baby girl home from the Placerville Sanatorium.

Over 200 persons attended the dry wine conference at St. Helena April 30.

Many peach trees in Placer County have been top-worked to President plums this season.

perfect records for the past year or more, by District Superintendent J. H. Palmer; and the presentation of diplomas by Dr. L. B. Rantz, of the school board of trustees.

Reuel V. Whigam, chamber of commerce president, will speak, and the civics committee of Marguerite Parlor No. 12, N. D. G. W., of which Mrs. Nora Gray is chairman, will present a flag to the school on behalf of the parlor.

Gilbert Cook will speak on behalf of the graduating class and Irving Hazelton, of the seventh grade class, will speak on behalf of the pupils of the school in response to the flag presentation.

Century Old Pencil Penner Prized

DES MOINES, (UP)—A pencil sharpener which he estimates is nearly 100 years old is owned by W. R. Nelson, Des Moines carpenter.

The device, called a "pencil pointer," was made in Hamburg, Germany, and resembles a miniature lathe. More than a foot long and made of iron, the device operates with a crank.

Hot Days Spur Violent Crimes, G-Man Warns

HOUSTON, Tex., (UP)—Don't provoke your friends during the hot summer months if you think they have homicidal tendencies.

R. T. Harbo of Washington, administrative assistant of the Federal Bureau of Investigation, offers this advice.

In an address to a civic group here, Harbo said that people are more likely to commit murder in hot weather than at any other time.

Heavy rains and hail caused some damage to crops in the Colusa district early in May.

PARADE OF SPORTS

By HENRY MOLEMORE
(United Press Staff Writer)

NEW YORK, (UP)—Although warned by my physician that I am likely to develop cauliflower ears unless I stop writing about boxing for a while, I just must comment today on a peculiar angle of the Joe Louis-Max Schmeling fight.

Did you know that right now (which is 10:15 our time) Louis is a heavy favorite in the early betting, and that the bookmakers expect him to solidify his position as favorite between now and the time he defends his world title against the German? Jack Doyle told me this, Jack Doyle being Broadway's most celebrated layer of prices on sports events, and the only man in the world who owns a sport coat made from the top of a billiard table.

The story of that coat isn't a bad one, come to think of it. The origin of the green coat, as I heard the story, involves a great shot once made by Willie Hoppe on a table in Doyle's billiard establishment. Doyle was a witness to the shot and, to keep it ever green in his memory, ripped off the cover of the table and had a tailor work it into a sport jacket. When he is wearing it, and seen from a distance, Mr. Doyle can pass for the twin brother of a young and healthy elm tree. It is a matter of record, in fact, that a pair of robins nested in the breast pocket for years.

But to get back to Louis and Mr. Schmeling and the 2 to 1 odds, how does one go about explaining such a set-up? Odds normally are based on past performance, but these aren't because the last time Louis and Schmeling met the German nearly beat Joe to death before finally knocking him out. If that fight had anything to do with the odds Schmeling, not Louis, should be the heavy favorite. Certainly nothing has happened since that night to re-create the Louis super-man myth.

True, he later won the heavyweight title, but in winning it he beat a man—Braddock—who, to steal a phrase from the French, was at the end of his rope.

Perhaps the fact that Schmeling is getting no younger, and at a rapid rate, is the basis of the bettor's preference for Louis. The German is 32 or 33, and when you're a fighter, that sort of puts you in the octogenarian league. Still, Schmeling has shown few if any signs of falling apart at the seams in the past two years. To look at him, and to watch him in the ring, he appears to be a sounder machine than he was on that memorable night in June, 1936, when he amazed the entire uncivilized world by belting out the supposedly invincible Brown Bomber.

No one has ever accused Schmeling of not taking care of himself. His schedule is mighty near as rigorous as that of a Trappist Monk. For Max a lemonade and an ice cream cone comprise an orgy. In 32 (or 33) years he hasn't punished his body as much as most fight-

ers do in a single year.

So why the odds? I can't make them out. If you have any ideas on the subject why don't you jot them down, put them in an envelope with a fifty dollar bill, and mail them to me? I promise you that every letter will receive my personal attention.

D. R. Owens, district freight agent for the Southern Pacific, and A. A. Saville, traveling freight agent, were visitors from Sacramento on Thursday. Mr. Owens has lately been transferred to Sacramento from Salt Lake City, and was on a field trip contacting clients.
